

# THE WILL FLORES FUND

THE ART OF GIVING 2020  
SUNDAY, SEPTEMBER 20, 2020

**SAVE THE DATE!**  
**More details to come**

The WFF is aware of the difficulties and hardships many of us are facing during these uncertain times. Our hope is for connection and unity as we continue THE ART OF GIVING. Artwork is being created and gathered that will be the foundation for the sale/fundraiser along with the efforts of our volunteer family that will support us and bring the event to “Life”.

We are not certain of the “shape” THE ART OF GIVING will take, yet we are working towards an opportunity that honors our Mission.

We will be following guidelines and practices that are current to ensure a healthy and safe environment.

In addition to art created in several mediums, we are making a flock of Origami Cranes. The Crane is a sign of symbol of hope and healing during challenging times. We encourage anyone to make origami cranes to be added our flock for the September event. Easy instructions may be found on YouTube; a square piece of paper and a bit of imagination. You may mail them to us or bring with you when you attend The Art of Giving.
